

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Reporting Requirement(s) Not Met for Klondike ISD

We are required to report the results of monitoring of your drinking water for specific contaminants (coliform) on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During May 2017, we did not send in samples for coliform.

Our system failed to notify the state drinking water program as required by 5/31/17. Although public health is was not impacted, as our customers, you have a right to know what happened and what we did to correct the situation.

What should I do?

There is nothing you need to do at this time. You do not need to boil your water or take other actions.

What is being done?

While we did not notify the state as quickly as we should have, we have sent in samples to be tested on 11/30/2017. We are no longer in violation.

For more information, please contact Steve McLaren at 806-462-7334 or 2911 CR H Lamesa, TX 79331.
